

# LEICESTER TOWN & VILLAGE HISTORIAN 2019 ANNUAL REPORT

## 2019 Summary:

Many requests for information have been received this year and there have been wonderful donations to the Historical files. Countless hours were spent on an application for a Pomeroy Foundation grant for a Historical marker for Little Beards Town. Unfortunately the required primary source documentation for Little Beards Town does not exist therefore I withdrew the application and the marker will be purchased.

One of the most rewarding events this year was helping a family that came to Leicester knowing only a name and that He was reported to have lived in Leicester. They discovered that their ancestor was one of the earliest settlers and was hired by the Wadsworth's to clear the land of Little Beards Town for sale. They also were unaware that He had served in the War of 1812. I was able to show them the family graves in the Cemetery as well as the house that He had built.

## **Future Goals:**

The dedication of the Little Beards Town Historic Marker will take place next year. The Livingston County Bicentennial Celebration will begin in 2020 and there are numerous events that will take place. The Town of Leicester is older than the County and was the first Town to join the new County. The many contributions of the Town of Leicester will be highlighted. Records management continues to be a priority.

Respectfully Submitted,
